

Since 1966, Positronic has provided connector solutions to customers around the world. Positronic offers a wide variety of power, D-subminiature, circular and rectangular connector products and accessories. Value-added services are also available. Our connectors feature precision machined contacts and can be provided to industrial, mil/aero or spaceflight performance levels to meet various target price points. Our products are used in all areas of the electronics industry from power supplies to advanced weapon systems.

THE SCIENCE OF CERTAINTY

At Positronic, we build high reliability power and signal connectors. We take pride in the meticulous manufacture of those connectors, whether they be standard off-the-shelf products or custom solutions finely tuned to customer needs.

Besides product innovation, we are also serious about building strong customer relationships based on mutual respect, benefit and value. We are looking to be partners on the same team. That is our vision.

Positronic offers rock solid, mission-critical performance upon which you can bank life and limb, family and fortune. We consider it an honor. We consider it an inviolable trust.
